ABOUT US

A trusted name in Pakistan's healthcare supply chain

Established in 2004 as a proud member of the Zafaryab Group of Companies, Zafaryab Healthcare is an important player in Pakistan's healthcare sector. We import and distribute high-quality medical devices sourced primarily from China, Turkey and Europe, and we manufacture a selection of essential medical disposable items locally.

For over two decades we have supplied government, semi-government and private healthcare institutions across the country. Our commitment is simple: to meet the diverse and evolving needs of hospitals and health departments with reliable products, compliant processes and dependable delivery.

At a glance

Established	2004, Lahore, Pakistan
Group	Zafaryab Group of Companies
Business	Import, distribution, institutional supply and local manufacturing of medical devices and surgical consumables
Sourcing markets	China, Turkey and Europe
Customers	Government, semi-government and private healthcare institutions
Corporate office	Self-owned, 1,200 sq ft, Eden Center, Jail Road, Lahore
Warehouse	3,500 sq ft, downtown Lahore

OUR VISION

“The sky is our limit.”

This guiding principle fuels our ambition for continuous growth and innovation. We are expanding into cutting-edge healthcare segments, including biological products, ENT, neurosurgery and ICU ranges, to provide comprehensive solutions for the future of healthcare in Pakistan.

WHAT WE OFFER

Product portfolio

A focused range of quality medical devices from established international markets, supplied to hospitals, health departments and healthcare programmes.

Category	Products
CSSD and sterilization	Sterilization packaging and central sterile supply department items
Laparoscopic disposables	Trocars, endo-suturing and related minimally invasive surgical disposables
Surgical drapes and non-woven	Surgical drapes, gowns and the complete range of non-woven products
Urology	Foley catheters, urine bags and Double-J stents
ICU and critical care	IBP transducers and critical care consumables
Electrosurgical and diagnostic	Diathermy pencils and plates, ECG electrodes
Hemostatic products	Bone wax and gelatin sponge
Orthopedics	Orthopedic surgical products

Local manufacturing

In addition to imports, we manufacture a selection of essential medical disposables on a smaller scale, including surgical drapes, non-woven and protective products, selected CSSD products and sterile packs.

Growing into new segments

We are actively expanding our portfolio into biological products, ENT, neurosurgery, ICU and critical care, urology and advanced surgical products.

WHY ZAFARYAB HEALTHCARE

Core competencies

Nationwide distribution A robust, efficient network that delivers critical medical supplies on time to all regions of Pakistan.	Regulatory compliance DRAP Form-4 Established License for import of medical devices, a drug sales and distribution licence, and FBR registrations for income tax, GST and professional tax. Member of the Lahore Chamber of Commerce and Industry.
Tender expertise Comprehensive experience in government and semi-government tenders, including mega tenders for EPI, hepatitis, MNCH, and primary, secondary and specialized healthcare programmes.	Proven healthcare supplier A track record as a trusted supplier to government, semi-government and private healthcare institutions.
Local manufacturing Small-scale production of essential disposables complements our imports and supports supply reliability.	Stable foundation A strong and stable financial position that ensures consistent operations and supports strategic growth.

Strategically located

Our self-owned corporate office at Eden Center, Jail Road, and our downtown warehouse place us at the centre of Lahore, close to major healthcare facilities and health department offices, so we can serve them quickly and efficiently.

Government programmes served

EPI • Hepatitis • MNCH • Primary Healthcare • Secondary Healthcare • Specialised Healthcare

WORK WITH US

Partnerships and growth

We build long-term relationships based on integrity, regulatory compliance and quality. We welcome partners on both sides of the supply chain.

International manufacturers

Reach the Pakistani healthcare market through an experienced local partner. We offer:

- Market development
- Regulatory coordination
- Import and distribution
- Tender participation

Pakistani healthcare partners

We are looking to work with:

- Distributors and dealers
- Hospital suppliers
- Partners for private-sector business
- Partners for government business

Expansion roadmap

Our next stage of growth focuses on cutting-edge healthcare segments:

Biological products	ENT	Neurosurgery
ICU and critical care	Urology	Advanced surgical products

LEADERSHIP AND GROUP

Guided by experience and integrity

Jahangir Khan, Chief Executive Officer

Jahangir Khan leads the Zafaryab Group of Companies with more than 20 years of experience in healthcare, medical devices and medical technology. His career began with a Karachi-based medical device importer, followed by regional roles at B. Braun Pakistan and Wyeth Pakistan, before he founded his own ventures. He leads strategy, sourcing, manufacturer relationships, product development, regulatory initiatives and institutional business, with partner relationships across China, Turkey, Europe and other markets.

The Zafaryab Group

Zafaryab Healthcare is part of the Zafaryab Group of Companies, a professionally managed Pakistani business group with strong international ties.

Giving back

Jahangir Khan also serves as Chairman of the Zafarnasim Foundation, a registered non-profit organisation dedicated to social service and welfare.

Our values

Integrity	Long-term relationships	Regulatory compliance	Quality
